

41 Union Square West, New York, New York, 10003

Bustling at all hours of the day and night, this 19th century loft building is filled with various tenants, including artists, interior designers, and yoga studios. 41 Union Square West is currently undergoing a major renovation, upgrading lighting and appearance of the hallways, and improving the life safety systems in the building. The main lobby was restored in 2000, bringing back to life its gilded ceiling and mosaic flooring. Additionally, in 2006, the elevators were completely modernized and upgraded with marble interiors and state-of-the-art technology.
